Short Description:

COURSE OVERVIEW The training program is meticulously crafted to enhance the leadership skills of women, equipping them with essential strategies for success in various professional environments. By integrating theoretical knowledge with hands-on practical exercises, this program creates a comprehensive learning experience. Participants engage in discussions and activities that address the unique challenges faced by women in leadership roles, fostering an understanding of the gender dynamics at play in the workplace. Furthermore, the program emphasises the development of individual leadership capabilities, encouraging participants to identify their strengths and areas for growth. By providing a supportive environment, the program promotes self-confidence and resilience, enabling women to advance their careers effectively. Overall, this initiative plays a crucial role in empowering women to navigate their professional journeys and assert their presence in leadership positions.

Course Overview:

Program Objectives:

At the end of this program, participants will be able to:

- Understand the unique challenges faced by women in leadership.
- Identify opportunities available for women in leadership positions.
- Develop essential leadership skills such as communication & strategic thinking.
- Enhance decision-making capabilities critical for effective leadership.
- Build a strong personal brand and establish a confident leadership presence.
- Learn effective strategies for managing & leveraging diverse teams.
- Foster a network of supportive peers & mentors for ongoing growth.
