Strategic Planning for Career Development

PIK611-0725 LON-2

**If you can't train them,
you can't blame them!**

Short Description:

Utilising strategic planning is key to successfully steering & elevating one's career path. By integrating strategic planning principles into their career endeavours, individuals can establish precise objectives, recognise potential challenges & create proactive approaches for realising personal & professional advancement. This program is designed to provide participants with essential knowledge & resources for strategizing & advancing their careers. Participants will learn how to plan effectively & cultivate their career in a manner that not only benefits them personally, but also contributes positively to their workplace environment. Through this training program, participants will acquire the skills & tools necessary to map out their career development journey comprehensively. By implementing strategic planning techniques, participants will be empowered to proactively shape their career paths, fostering personal satisfaction & professional progress.
